

Nike Blue Chip Showcase Update

3/13/20

2020 Nike Blue Chip Showcase Participants,

We have started to receive a few emails and phone calls regarding the status of the Nike Blue Chip Showcase in April. Kings Hammer has been closely monitoring the Center for Disease Control and World Health Organization's statements regarding the novel Coronavirus (COVID-19) cases and following the recommended guidelines from these agencies and local health departments.

At this current time, we are still preparing for the event to take place as planned in April. We will continue to monitor everything with the Coronavirus and will update team contacts of any change in plans should they occur.

Thank you and stay healthy!

Dave McIver
